

Provider Card - Hepatitis B

- Give this card to your medical provider.
- Talk to your doctor about getting tested and vaccinated for hepatitis B.

Hepatitis B is a serious disease that can lead to liver damage, liver cancer, and even death. The first step to health is knowing your hepatitis B status.

Dear medical provider,

I want to be screened for hepatitis B. If the tests show that I am at risk for hepatitis B infection, I would like to begin the vaccination series.

I am asking because I understand that screening for hepatitis B is recommended by the CDC for people born in areas where hepatitis B is more common or whose parents were born in those areas, such as Africa, Asia, Eastern Europe, and the Pacific Islands.

Kaarka Dhakhtarka - Cagaarshoowga B

- Sii kaarkaan dhakhtarkaaga.
- Kala hadal dhakhtarkaaga inaad isbaarto iyo inaad qaadato talaalka cagaarshoowga B.

Cagaarshoowga B waa xanuun daran oo keeni kara waxyeello ku dhacda beerka, kansarka beerka, iyo xataa dhimasho. Talaabada koobaad ee caafimaadku waa inaad iska baarto xanuunka cagaarshoowga B.

Dhakhtarka qaaliga ahoow,

Waxaan doonayaa in la iga baaro cagaarshoowga B. Haddii baaritaanku muujiyo inaan khatar ugu jiro caabuqa cagaarshoowga B, waxaan doonayaa inaan bilaabo taxaneyaasha talaalka.

Sababta aan kuu waydiinaayo waxaa weeye inaan fahmaayo in baaritaanka cagaarshoowga B ay Centers for Disease Control and Prevention (CDC, Xarunta Xakameynta iyo Kahortagga Cudurrada) kula talinayso dadka ku dhashay meelaha cagaarshoowga B uu ku badan yahay ama waalidiintoodu ku dhasheen meelaha uu ku badan yahay, sida Afrika, Eeshiya, Bariga Yurub, iyo Jasiiradaha Baasifiga.
