 - 19.2.6. Terminating the Contract as provided in Paragraph 23 Expiration or Termination.
 - 19.2.7. Disqualifying the Contractor as provided in Paragraph 24 Disqualification.

20. NOTICE OF ADVERSE ACTION

- 20.1. In the case of adverse action, the department shall give the contractor written notice not less than fifteen (15) days prior to the effective date of any adverse action, except for the following where the effective date is the date the contractor receives the notice:
 - 20.1.1. The contractor provides false information in connection with its WIC application.
 - 20.1.2. The contractor commits a violation under 7 CFR 246.12(l)(1)(i) that results in permanent disqualification.
 - 20.1.3. The department suspends the contract as provided in Paragraph 22 Suspension, unless the department provides otherwise in its suspension notice.
- 20.2. The notice of adverse action must explain what action the department is taking, the effective date of the action, and the procedure for requesting an administrative appeal, if the action being taken is one that can be appealed.
- 20.3. Upon receiving the notice of adverse action, the contractor shall comply timely with the department's directives even if the contractor intends to appeal the department's decision.

21. ESTABLISHMENT OF CLAIMS

- 21.1. In conformance with 7 CFR 246.12(k), the department shall:
 - 21.1.1. Establish a claim for reimbursement or delay payment to the contractor for overcharges, payments made on improperly handled WIC Card transactions, or any other vendor violation that affects payment to the contractor. The claim may be for

- the full purchase price of each WIC Card transaction containing an error or reflecting a violation.
- 21.1.2. Establish a claim, in addition to a mandatory disqualification, if the result of an inventory audit shows a negative difference between infant formula and nutritionals sold to participants using WIC Cards and the store's invoices showing what was purchased for sale.
 - 21.1.3. Provide the contractor the opportunity to justify or correct overcharges or errors.
 - 21.1.4. Pay the contractor when presented with satisfactory justification for an error.
- 21.2. Any claim or delay of payment established by the department is in addition to any suspension, termination, or disqualification provided for under Paragraphs 22 Suspension, 23 Expiration or Termination, or 24 Disqualification.
- 21.3. The department may offset the claim against amounts to be paid to the contractor.

22. SUSPENSION

- 22.1. Either party may suspend performance of the contract in lieu of termination unless WIC Program regulations require the department to terminate the contract.
- 22.2. The department must immediately suspend the contract if the department determines during the course of an inventory audit that the contractor cannot prove the purchase of sufficient quantities of WIC infant formula and nutritionals to provide the quantities specified on WIC Card transactions redeemed by the contractor during a specific period of time and the value of the difference between the actual inventory and the amount claimed to have been sold to WIC participants is greater than one thousand dollars (\$1000). If the department determines that disqualification of the vendor would result in inadequate participant access, the department may waive suspension under this section.
- 22.3. If funds for the Program from any source are withdrawn, reduced, or limited in any way during the term of this contract, the department may suspend performance of the contract as an alternative to termination by giving notice of suspension and its effective date to the contractor. If the department determines funding is sufficient to resume the contract, the department shall provide notice to the contractor that the suspension has ended. The contractor shall resume WIC transactions in conformance with the contract.
- 22.4. The period of suspension does not change the expiration date of the contract.
- 22.5. The department may deliver notices of suspension by electronic communication, fax, hand delivery, or by US Postal Service.

23. EXPIRATION OR TERMINATION

- 23.1. Either the contractor or the department may terminate the contract at will with 30 days' advance notice. The contractor's termination upon unwillingness or inability to comply with changes as provided for in Paragraph 1 is considered an at will termination.
- 23.2. Either the contractor or the department may terminate the contract for cause with fifteen (15) days' advance notice.
- 23.3. The department will terminate the contract upon a change in ownership, a change in store location, or cessation of operations. However, the department, at its discretion, may permit vendors to move short distances without terminating the agreement.
- 23.4. The department may terminate the contract for the contractor's failure to remain price competitive even if payments of the WIC Card benefits are within the NTE.
- 23.5. The department must terminate the contract if it determines the contractor has:

- 23.5.1. Been identified as receiving more than 50-percent of their total infant formula and nutritional sales from WIC redemptions.
- 23.5.2. Provided false information in connection with the application for authorization or at any time during the contract period.
- 23.5.3. Failed to comply with the Vendor Selection Criteria at any time during the contract period.
- 23.5.4. Failed to comply with corrective action requirements in a timely manner.
- 23.5.5. A conflict of interest as defined in Paragraph 32 Conflict of Interest.
- 23.6. The department must terminate the contract if the contractor is disqualified as a vendor in the WIC Program. The contractor will have to reapply after the disqualification period is over and be subject to the Vendor Selection Criteria in effect at the time of application.
- 23.7. Neither the department nor the contractor is obligated to renew the contract. When the contract expires or is terminated, the contractor must reapply to be considered for a new contract. The contractor's new application is subject to the Vendor Selection Criteria and any other criteria in effect at the time of the reapplication.

24. DISQUALIFICATION

- 24.1. For violations specified in 7 CFR 246.12(l), the department must disqualify the vendor for the federally specified period. All federal sanctions are mandatory as shown in the Federal Sanction Table in Attachment A.
- 24.2. Federally required disqualifications are mandatory regardless whether the contractor pays the claim, if any, arising from the incident leading to the disqualification.
- 24.3. For violations not specified in 7 CFR 246.12(l), the department may disqualify the vendor in conformance with the State Sanction Table in Attachment A. If a violation listed in the State Sanction Table requires a Pattern, the department may take adverse action upon the showing of a Pattern. The department shall notify the contractor in writing when an investigation reveals an initial violation for which a pattern of incidences must be established before imposing a penalty, unless the department determines that notifying the contractor would compromise the investigation. At the department's discretion, the department's actions may include:
 - 24.3.1. Notice of Violation, claim for reimbursement, and offer of technical assistance for the first incident;
 - 24.3.2. Technical assistance or Notice of Violation, claim for reimbursement, fine, and warning of disqualification for the second incident of the same type of violation;
 - 24.3.3. One-year disqualification, fine, and claim for reimbursement for the third incident of the same type of violation in a contract period.
- 24.4. Disqualification from the WIC Program may result in disqualification from the Supplemental Nutrition Assistance Program (SNAP). Any vendor disqualified from SNAP as the result of disqualification from the WIC Program may have no right to administrative or judicial appeal for the SNAP disqualification.
- 24.5. The department may disqualify a vendor that has received a Civil Monetary Penalty (CMP) instead of a disqualification from SNAP.
- 24.6. The department may disqualify a vendor that has been disqualified from the WIC Nutrition Program in another state.
- 24.7. Individual stores covered under this contract may be disqualified without affecting the other stores covered under the contract.
- 24.8. In conformance with 7 CFR 246.12(l)(1)(ix) (federal sanctions), and 7 CFR 246.12(l)(2) (state sanctions), the department may offer the contractor a civil monetary penalty in lieu of

disqualification if the department determines the Contractor's vendor location is necessary to assure adequate participant access.

25. FRAUD OR ABUSE IN THE PROGRAM

- 25.1. If the department discovers evidence of the contractor committing criminal fraud or abuse in the WIC Program, the department must provide such evidence to appropriate law enforcement authorities.
- 25.2. A vendor who commits fraud or abuse in the WIC Program is liable to prosecution under the applicable Federal, State, or local laws. Those who have willfully misapplied, stolen, or fraudulently obtained program funds are subject to a fine of not more than \$25,000 or imprisonment for not more than five years or both, if the value of the funds is \$100 or more. If the value is less than \$100, the penalties are a fine of not more than \$1,000 or imprisonment for not more than one year or both.

 - 26.1.2. If the department suspends the contract, the contractor shall not accept WIC Card transactions at any time during the suspension period unless otherwise directed by the department. If a period of suspension ends without termination of the contract, the contractor may resume accepting WIC Card transactions on the date directed by the department.
 - 26.1.3. Comply with any other directives in the department's notice.
- 26.2. The contractor shall comply with the above procedures if the contract expires without the contractor entering into a new agreement with the department.

- 32.2. In the event this contract is terminated as provided above, the department shall be entitled to pursue the same remedies against the contractor as it could pursue in the event of a breach of the contract by the contractor.
