

Updated WIC Step-by-Step Instructions

How to Log into the Learning Center for the First Time

Use this guide when you log into the Learning Center (LC) for the first time.

- You can find more guidance and the LC-related forms on [our webpage](#).
- We suggest you use one of these web browsers: Microsoft Edge, Mozilla Firefox, Google Chrome

Steps	Computer Screen
<p>Step 1: Select the LC link.</p> <p>1. Select the following link: https://sowa.sumtotal.host</p> <ul style="list-style-type: none">• You can also type the link into your browser.	
<p>Step 2: Select Secure Access Washington.</p> <p>1. The link takes you to a State of Washington-specific page. You'll see options you can select on the right side.</p> <p>2. Select the first option listed: Secure Access Washington</p>

How to Log into the Learning Center for the First Time

You may see a grey pop-up screen.

1. Some of you may see a grey pop-up screen titled **Confirm Certificate**.
2. If you see this pop-up screen, select **OK**.
 - If you don't see this pop-up screen, don't worry about it.

Step 3: Log into your SAW account.

1. If you've accessed Cascades before, your login information should show up pre-filled.
 - Please work with your coordinator to set up your Cascades connection before you attempt to log into LC.

2. Select **SUBMIT**.

Note: Some of you may see that same grey pop-up window again. If you do, select **OK** to pass through it.

IMPORTANT

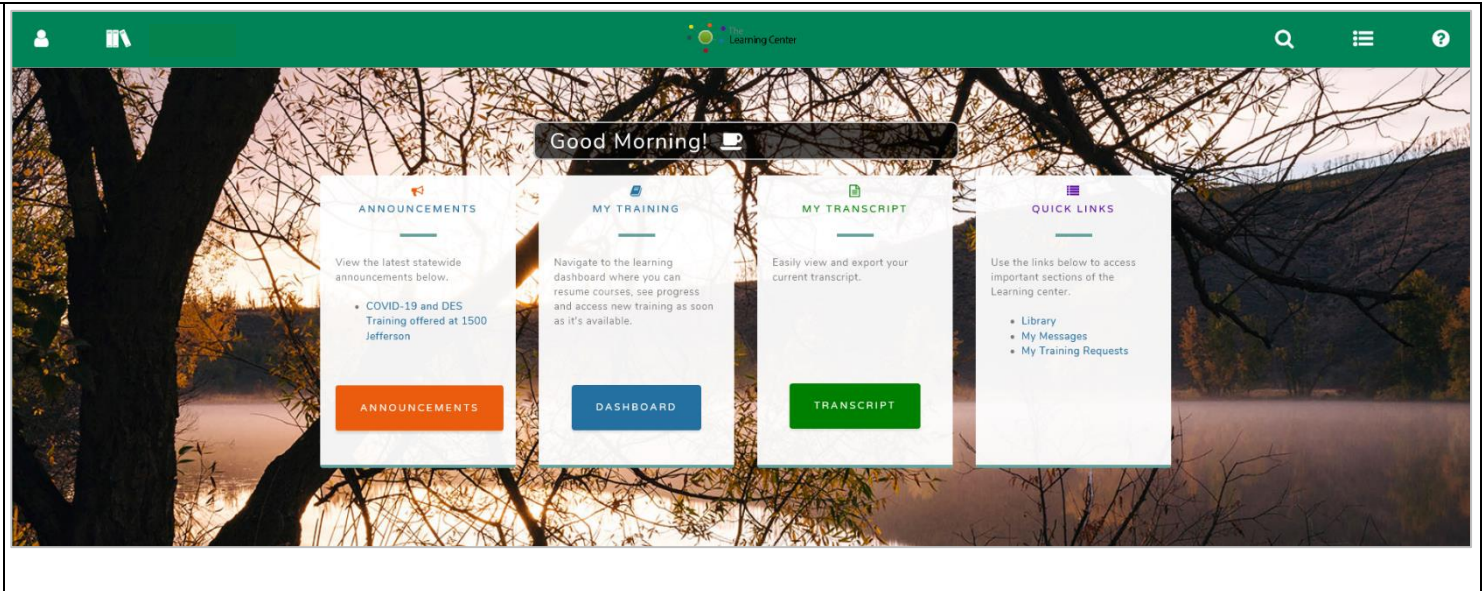

Your email addresses for SAW and for the LC must match. This is how SAW and the LC work together to permit you to enter the LC.

The email address in the LC is the one you provided on the Learning Center Account Form.

Please see the Common Problems section below, if you receive an error message.

Step 4: Congratulations! You are now in the LC.

1. Play around. To orient yourself, you can look at these introductory documents:
 - [Basic Navigation in the Learning Center](#)
 - [How to Search for a Class](#)

COMMON PROBLEMS

Below, find solutions to problems clinic staff have encountered so far.

Error Message: User account does not exist in SumTotal system.

You may see an error message informing you that your account doesn't exist.

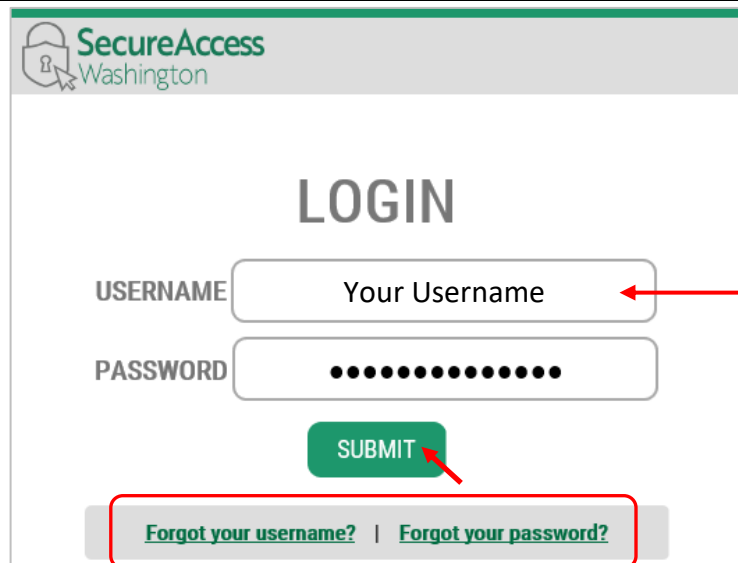

You may get an error message like this for one of two reasons:

- You use two different email addresses—one for SAW and a different one for the LC.
- You need to clear out your cookies and cache in your internet browser.

Step 1: Log into SAW.

1. Select this [SAW Portal](#) link.
2. If your login information isn't pre-filled, fill in the username and password.
 - If you forgot your password or username, use the [Forgot your username or password](#) functions below the **SUBMIT** button.
 - Select **SUBMIT**.

Your Username doesn't have to be an email address for SAW—but it can be.

How to Log into the Learning Center for the First Time

Step 2: Go to Account.

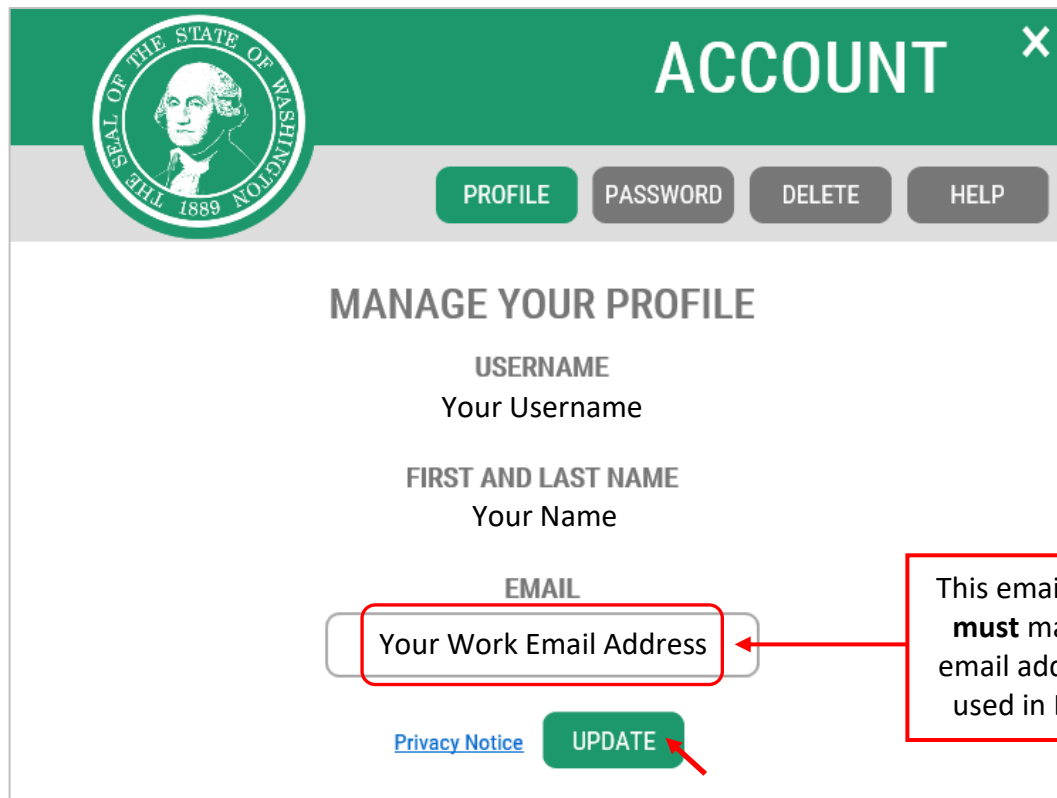

1. Select **ACCOUNT** on the main SAW page.

Step 3: Check your email address. Change it, if necessary.

1. Check the email address. It should match your work email address that you used in LMS.
 - If you didn't use LMS, check with your supervisor what email address they assigned you in the LC.
2. If the email address doesn't match, change it to the email address you used in LMS/LC.
 - Don't worry, you'll still be able to enter Cascades.
3. Select **UPDATE**.

Note: You can only modify your email address.

Step 4: Log out and log back into the LC.

1. Log out of SAW.
2. Close the internet browser and re-open it again.
3. Select the [LC link](#) to enter.

Repeat steps 2 to 4 of getting into the LC for the first time. Hopefully this fix allows you to enter

How to Log into the Learning Center for the First Time

If you've matched your email addresses and you still receive the error message, try **clearing out your cookies and cache in your internet browser**:

Internet Explorer browser

1. Select Tools (the gear icon) on the top right corner.
2. Select **Safety**.
3. Select **Delete browsing history...**
4. Un-check **Preserve Favorites website data**.
5. Select these check boxes:
 - **Temporary Internet files and website files**
 - **Cookies and website data**
6. Select **Delete**.
7. Close your internet browser and re-open it.
8. Select the [LC link](#) to enter.

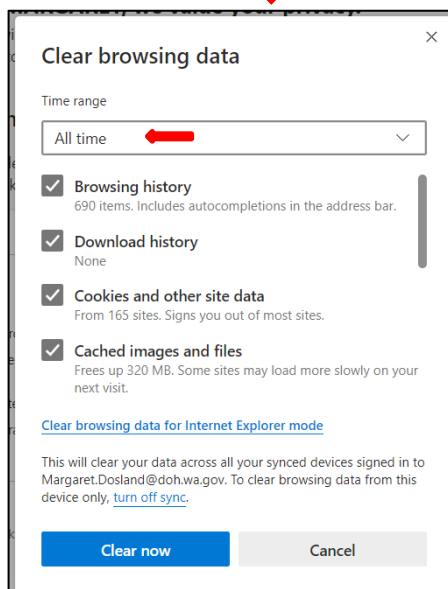

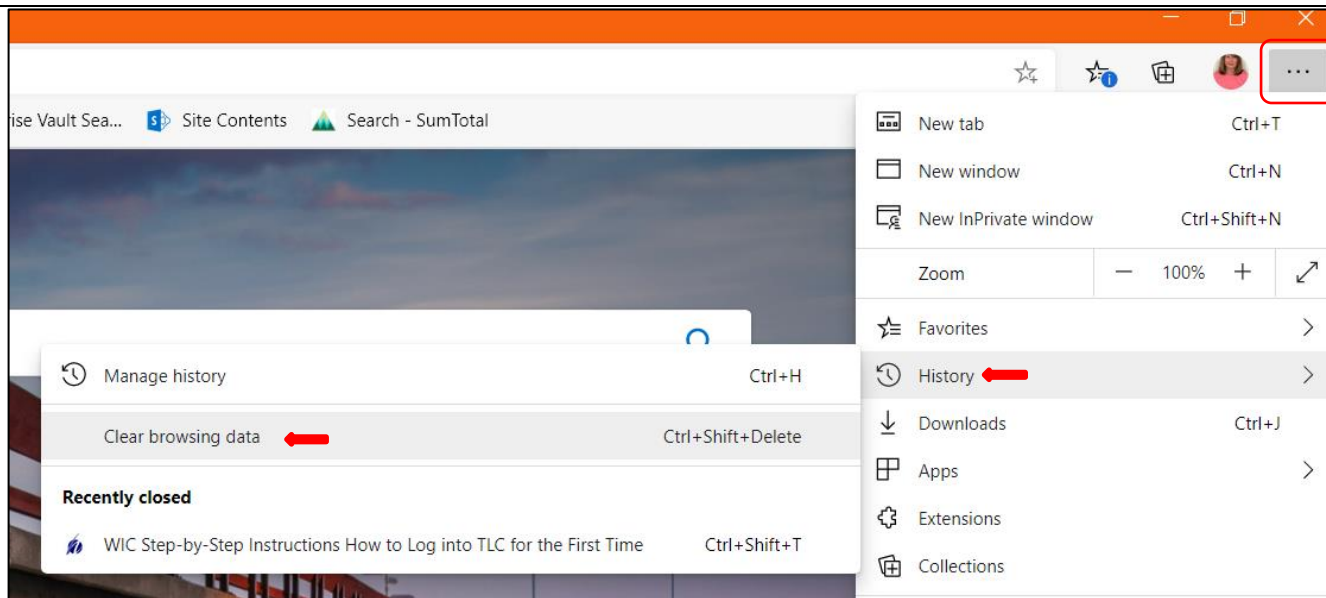

The screenshot shows the Internet Explorer browser interface. The 'Tools' menu is open, and the 'Delete browsing history...' option is highlighted. A red arrow points to this option. Below the browser window, a large red arrow points down to the 'Delete Browsing History' dialog box. In the dialog box, the 'Preserve Favorites website data' checkbox is unchecked, and the 'Temporary Internet files and website files' and 'Cookies and website data' checkboxes are checked. A red arrow points to the 'Delete' button.
